#### **Treasurer Report - Billy**

Billy paid Bob for the Website billing. Paid Kris for the Zoom bill and paid Kris back for the loan.

Billy reported that the Grant money that we received will cover all of our expenses that might occur.

Guest Participant – Michael Elston, President North Gresham Neighborhood Association

Michael was with us on our zoom meeting to give us a summary of Measure 26-218. He is trying to get support from other neighborhood associations and Rockwood Rising to get the word out that this measure is not what we want to happen. It seems that there should have been some public meetings regarding the 181<sup>st</sup> street changes. These changes will bring more traffic along with pedestrian walkways that slow traffic down. This measure includes a tax on small businesses.

#### **Website & Newsletter - Bob**

Bob has not received all of the articles that had been talked about for the November newsletter. Kris is working on her article.

Sarah suggested that Bob include a short article that we now have a facebook page.

#### **November Public Meeting - Kris**

Kris has speakers confirmed for the November Public meeting. They are Chief of Police Robin Sells, Emily Bower, Executive Director of Gresham Redevelopment (Downtown Rockwood Rising), and Lee Day, Neighbor and Advocate for Parks, progress report of the committee to get a parks district for Gresham.

Billy had suggested that we have someone from Nadaka Park come and talk but he cannot

get ahold of anyone from the Outgrowing Hunger that is managing the park now.

Motion to adjourn was seconded and approved. Meeting ended at 8:36

Next Public Meeting, Monday November 9, 2020 at 7:00 pm via Zoom.
